

**Glover Machine Works
Catalog Collection
1890 - 1960**

Description

This collection consists of over 500 trade catalogs that were requested by the Glover Machine Works during the course of their business operations between 1890 and 1960. The collection contains catalogs, price lists, circulars and special advertisements from some of America's most well-known companies including the Niles Tool Company, The American Tool Works Company, Westinghouse, General Electric, Brown & Sharpe, Allis Chalmers and Pratt and Whitney. Subjects include industrial machinery, hand tools, locomotives, welding equipment and power tools. The collection also contains catalogs produced by the Glover Machine Works that promote their non-locomotive products.

C. Pat Cates and Dick Hillman processed this collection from 2001-2004
